
Sandwich Board

Product Description:

The SWEDX Sandwich Board Display is the ultimate digital signage solution, combining power and elegance in a compact form. This display is designed to enhance your brand and message with superior visual quality and user-friendly features.

Key Features:

- **High-Definition Display:** Available in stunning 4K resolution, ensuring exceptional clarity and detail in every presentation.
- **Versatile Connectivity:** Equipped with three HDMI 2.0 inputs that support 4K at 60Hz, along with additional options like USB, VGA, Component, AV, and Digital Audio (Coaxial) for diverse content sources.
- **Timer Functionality:** Integrated timers allow for automated on/off scheduling, enhancing operational efficiency.
- **SMART HDMI:** The display intelligently enters standby mode when no HDMI signal is detected and wakes up automatically when a signal is present, conserving energy.
- **Lightweight and VESA Compatible:** The lightweight construction facilitates easy installation in various orientations (VESA standard).
- **Energy Efficient:** Rated A+ for energy efficiency, showcasing its environmentally friendly design while delivering high performance.
- **Extended Battery Option:** Offers an optional extended battery that lasts over 8 hours, making it suitable.
- **Design and Mobility:** Equipped with wheels, this display is easy to move and position as needed.

Use Cases:

Ideal for indoor advertising, retail environments, event promotions, and information sharing in public spaces, this display effectively engages audiences with vibrant visuals and audio.

Target Audience:

Retailers, event organizers, businesses in advertising, and any entity seeking to enhance their visual communications through dynamic and interactive displays.

Unique Benefits:

The Sandwich Board Display does not only delivers superior performance and energy efficiency but also elevates the aesthetic appeal of any environment. Its elegant design and powerful features make it a perfect choice for businesses looking to captivate their audiences and effectively convey their messages.
